

## STARWAX MARBLE REJUVENATOR (marble & natural stones)

*nourishes, shines and protects against stains*

- > Nourishes, protects and shines marble, polished stones, reconstituted marbles, travertine, limestone, malachite, onyx...
- > Prevents the immediate impregnation of stains such as: water, wine, coffee, milk, ink
- > For marble and stone surfaces (tables, fireplaces, mantelpieces)

### INSTRUCTIONS

Shake well. Apply in thin layers with a cloth. After each coat, leave for 10 to 20 minutes then polish vigorously. Leave to dry for 4 hours. The anti-stain protection is obtained after 2 fine coats are applied.

Maintenance: Wipe with a damp sponge, add a thin layer to restore luster.

### ADVICE

The product thickens in the cold : Keep it at room temperature or reheat in a water bath at approx. 20°C to reliquify it before use. Do not apply to stairs. Check the product information of the manufacturer before use. Perform a test on a small area of the stone to verify the results before applying to the rest of the stone.
